MESSAGE

I am very glad to know that 'the Indian Society of Heating Refrigerating and Air Conditioning Engineers' (ISHRAE), alongwith Gobananas as Co-Reach Partner & NurnBerg Messe as Co-Organiser is organising event "REFCOLD INDIA" focusing on Cold Storage & Mobile Refrigeration during 22nd - 24th November, 2018 at Mahatma Mandir, Gandhinagar Gujarat. I have also learnt that many International Association of this sector are participating in this programme.

In Agro-based economy like India there is an urgent need to develop food supply infrastructure for presurvation of Agro Products. Any effort in this direction would support and strengthen Hon'ble Prime Minister Narendra Modi's commitment to double Farmer's income by the year 2022.

I Congratulate organisers and convey my best wishes for the success of "REFCOLD INDIA, 2018".

(Saurabh Patel)
